What information is available with a student proxy account?

As of December 2019, the only information that can be made available is final grades. More functionality will be added in the future.

What is the address of the student proxy site?

To access the login page, please visit <https://selfservice.whitman.edu/Student>.

I don't know my username. How can I gain access?

You will only have an account if a student has granted you access using their account in myWhitman.

If you do have an account but can't find the email, search for an email from no-reply@whitman.edu with "You now have access" in the subject line.

Finally, you can contact portal@whitman.edu with questions about your account. Please be sure to send the message from the email associated with your account.

I know my username, but have lost my password. How do I reset it?

To reset your proxy account password, please contact portal@whitman.edu from the email address associated with your account. Please allow at least one business day for a response.
